**June Horoscopes and Birthdays**

In astrology, those born June 1–20 are Gemini's Twins. Twins seem to have two personalities. They have an energetic and fun-loving side that is the life of the party, but also a deep and emotional side that needs love and nurturing. Those born June 21–30 are the Crabs of Cancer. Guided by their hearts, Crabs are emotional and nurturing. They create deep bonds and comfortable homes and are always willing to welcome people into their circle.

**Happy Birthday to Whom?**

On June 27, 1859, a schoolteacher named Mildred J. Hill composed a tune she called "Good Morning to All." Her younger sister Patty, who was also the school's principal, wrote some cheerful lyrics that the two could sing to their students upon their arrival at school. In 1924, however, the song underwent a dramatic change. A verse was added with the line "Happy birthday to you." Soon, their school-welcoming tune became the most popular song in the world, sung on virtually everyone's birthday. Yet the song was never

credited or copyrighted. In 1935, the Summy Company decided to register a copyright to the song, and then in 1988, Warner/Chappell Music purchased the company owning the copyright, claiming ownership of the song. While Warner/Chappell claimed that a royalty of \$700 was owed each time the song was sung, no one let an exorbitant fee like that spoil the pleasure of singing "Happy Birthday to You" to loved ones. Today, this beloved tune is considered part of the public domain, allowing all of us to sing along free of charge.

**Notable Extras**

**~Room Tray Charges~**

Just a reminder that starting in June, there will be a \$5.00 charge for any room tray deliveries not approved by the nursing department. They will show up on your statement for the following month. If you are sick and need to eat if your room as to not spread germs, that is approved by nursing. Thanks!

**~Guest Meal Tickets~**

If you are a guest and planning to eat in our dinning room, PLEASE make sure you are purchasing a meal ticket at the front desk BEFORE you eat. Thank You!

**Happy 70<sup>th</sup> Anniversary Don & Marilyn!**

**Then**

**Now**

We want to wish a happy 70<sup>th</sup> anniversary to our residents Don and Marilyn Neuenfeldt!

Marilyn was born in West Jersey, Illinois. She worked for State Farm Insurance in Illinois, but when they opened an office in St. Paul, Marilyn volunteered to help open the office. So, Marilyn packed up and moved to St. Paul, Minnesota in 1947.

Don was raised in St. Paul and worked at Brown & Bigelow until his retirement.

The couple met at the Prom Ballroom at a dance in July of 1947. Don asked Marilyn if she was a farmer's daughter, to which she

replied "Yes!" Don said he asked her to marry him right then and there. Marilyn said that Don was "the most attentive man she ever met" because he called her every night if they weren't out doing something together.

They officially got engaged in 1948 and would later marry on June 4<sup>th</sup> 1949. Make sure to wish them happy anniversary if you see them!

### Notes from Nursing

Just a reminder, as the weather grows warmer, please be mindful of your water intake, how much time you spend outside, and that you are signing out.

Constance, DON  
Martha, ADON  
Robin, LPN

With temperatures increasing for the summer months, it is important to increase your water intake so you don't overheat. Also, make sure not to spend too much time in the sun on warm days. If you are going to be sitting outside, consider putting on sunscreen. You can get sunscreen from Lori at the front desk if you do not have any. Lastly, if you are going to be going for walks down to the lake or away from the building, PLEASE make sure to sign out and notify someone that you are leaving the building.

### In the Name of the Father

A Mother's Day sermon inspired Sonora Smart Dodd to invent Father's Day.

Fathers really should thank mothers for the creation of Father's Day. It was a woman named Sonora Smart Dodd, one of six children raised by her widower father, who lobbied to create a father's equivalent to the popular Mother's Day. Dodd took her cause to churches, shopkeepers, the YMCA, and local government officials until finally, on June 19, 1910, Washington state celebrated the first Father's Day. Over the years, the holiday gained traction, and in 1924, President Calvin Coolidge urged all states to adopt

Father's Day as a holiday. But this was not without controversy. Throughout the 1920s and '30s, various groups attempted to squash both Mother's and Father's Day. They argued instead for one holiday, Parents' Day, for, as one advocate said, "both parents should be loved and respected together." It wasn't until 1972 that Richard Nixon, in the middle of his presidential re-election campaign, signed a proclamation making Father's Day a federally recognized holiday—58 years after Mother's Day was made official.

### Guess Who?

No one gave me a picture for the Guess Who section this month. Please help me keep this fun section alive in the newsletter. I will take a baby picture, childhood picture or even a picture of you as a young adult. It is just fun to see if we can guess who you are. Please bring the picture to Lori at the front desk or to Dani in the marketing office. We can even extend it to our staff if they want to bring in a picture.

### Mother's Day Tea Party!

Our May employee of the month was Lucy M. Lucy is a resident assistant that primarily works in our Memory Care Unit Willow.
